Professional Experience

Dinnox IT Solutions – Frontend / Web Developer

August 2023 – June 2026

- **End-to-End Development:** Built, launched, and contributed to web applications completely from scratch, ensuring scalable code architecture and seamless deployment.
- **Responsive Design:** Engineered highly responsive user interfaces using Bootstrap and custom CSS media queries, optimizing the cross-device user experience.
- **Full-Stack Collaboration:** Developed web applications using the Django framework, effectively bridging the gap by handling backend logic and frontend component integration.
- **CMS Customization:** Spearheaded WordPress projects utilizing Elementor, custom themes, PHP, and JavaScript to deliver tailored functionalities based on client needs.
- **Agile Teamwork:** Maintained clean code repositories and collaborated efficiently within Agile development workflows utilizing Git for version control.

Projects

ERPWorkbench Dashboard *(Enterprise Web Application)*

- Resolved UI issues, assisted with Server Script updates, and performed manual testing to validate bug fixes and application functionality.

Cariton Ordering App *(Food Ordering Platform)*

- Developed responsive frontend pages and integrated user interface components with the Django backend for an online food ordering system.

Kabrita (Knowledj) *(Education Platform)*

- Developed responsive landing pages and frontend components for an online learning platform, ensuring compatibility across desktop and mobile devices.

Sookee Rewards App *(Rewards & Loyalty Platform)*

- Built and maintained responsive user interface components for a customer rewards and voucher redemption platform.

Municipality of Jagna Website *(Government Website)*

- Developed and customized responsive pages using WordPress, Elementor, HTML, CSS, and JavaScript to improve public information access and tourism promotion.

ShopSmart *(E-commerce Website)*

- Developed and customized an e-commerce website using WordPress, Elementor, HTML, CSS, and JavaScript.
- Created responsive pages, customized layouts, and implemented UI enhancements to improve the shopping experience.

Internship

eMercado (SY 2022 - July 2023) – Front-end Developer Intern

- Developed responsive web pages using HTML, CSS, and Bootstrap.
- Assisted in implementing frontend features.
- Collaborated with the development team during internship projects.
